

"Emergency Global Signals" a Portfolio Workshop for all City Employees"

What's hot and what's not?

You have seen the headlines, now get the fact\$.

If you have questions or concerns about your retirement don't mi\$\$ this workshop.

I will discuss what this all means to you and your families.

A Disciplined & Uncommon Approach to Managing Risk and Seeking Returns.

Join us as we discuss the law of supply and demand and how it relates to effective portfolio management.

You will learn how to combine Technical Analysis with Fundamental Research in your Deferred Comp Account!

Bring your Deferred Comp statement and get on track!

You will also learn how to manage your Deferred Comp money with my e-mail updates.

If you are about to receive a Lump Sum Distribution or currently have an IRA Rollover, this is a work shop you should not miss!

Call 215-598-9460 today to reserve your seat!

Reservations are required!

When: Wednesday, May 21, 2008 - 1-3 pm
